Features

Add cushion under your turf with our Multi Use Pad. This pad is great under putting greens and in multi-use areas providing you with excellent cushion underfoot. Easy to install, this pad comes in one size and one color. Great for chipping golf balls, no bounce.

Benefits of Putt Pad:

- Putt Pad helps to conceal imperfections in the rock base construction.
- Putt Pad supports longer shots
- Great for chipping; helps deaden the ball

Recommended Uses -Great for multi-use areas like patios and workout areas and putting greens.
